

HOËDIC

# HOEDIC Skid

## Hot water weed control machine

## TECHNICAL FEATURES

- 24 Volts pump and maintenance free Gel batteries  
8 hours autonomy
- Ultra quiet
- Fuel for heating function
- 300 Litres tank (66 Gallons)
- Size : 1170 x 770 x 1050 mm
- Hood and design in polyester
- Electronic management functions with safety systems
- Temperature from 0 to 110°C (230°F)
- hose length : 7 meters (23 Ft) + Pipe with thermospheric bell
- 33 Litres Fuel tank (7 Gallons)
- 3 Bars pressure for 4L/min  
(43,21 Psi for 0,9 gal/min).
- Cleanable water filter
- Start and Stop

## WARRANTY

**2 years** for spare parts and **1 year** for labor

## TECHNICAL FEATURES

- Auto engine for walking user
- Forward and reverse gear with progressive dimmer
- Autobrake
- "Dead man" safety
- Ignition key
- Maintenance free reinforced batteries
- 8 hours autonomy
- Low pressure tires
- Exceptional performance on slope
- Automatic reel / 7m hose (22 Ft)
- Forward speed from 0 to 4 km/h (0 to 2,9 mi)

## OUR COMPETITIVE ADVANTAGES

- Optimized size
- Low water consumption
- Very few maintenance
- Performance and reliability
- Modern and anticorrosion concept
- Can use recycling water (rain, drilling water, etc.)
- Easy to use

60, boulevard de la Haie des Cognets  
35136 Saint Jacques de la Lande
